Republic of Noodles is among eateries at Lemon Tree Premier

One of the prime reasons why Lemon Tree will soon gain popularity among travellers and foodies, is its soon going to be launched Republic of Noodles, a restaurant touted as the spot to sample some of the best South-east Asian cuisine. Since it hasn't been launched yet, a limited menu is offered to the guests. People waiting to explore this restaurant in its full form, will have to wait a month more. Residents as well as walk-in guests of the hotel can dine at Citrus Café which is a multi-cuisine restaurant. Also this café is famous for its 'GharKaKhana' menu. What we felt delighted about was the Slounge, the hip bar of the hotel. Not many bars in the capital offer a pool table, PlayStation and a playlist of your favourite tunes. Slounge has all of these with some of the famous finger foods. Also the interiors were quirky, which makes it an ideal for the leisure travellers.

A traveller, not looking for huge options to indulge in, can stop over to have a bite on the run. This fun café serves to all appetites-light meals, healthy snacks, wholesome meals or munchy fads.
